

- \* The louver box is 3" deep
- \* Dimension References are:

**AT** - The exact measurement of the face trim from side to side.  
**AB** - The exact measurement of the louver box from side to side.  
**RO** - The rough opening is the exact measurement of the hole in the subwall into which the louver box must fit. ( The louver box will be undersized to fit the RO)
